

MAKE AN INFORMED CHOICE

YOU CAN MAKE MENU CHOICES THAT MINIMIZE WATER USE. FOR EXAMPLE IT TAKES:

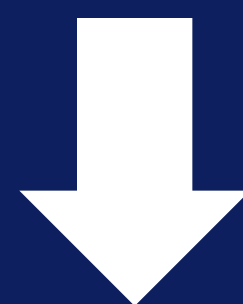

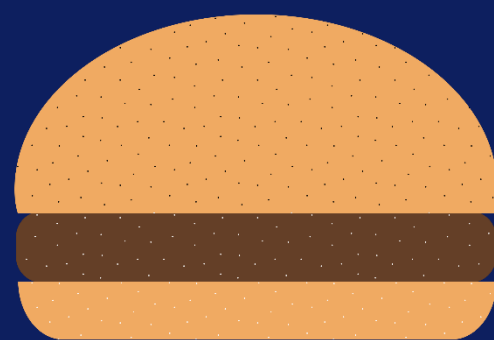

1,748 L

1 BEEF
BURGER

VS.

490 L

1 TURKEY
BURGER

IF EVERYONE AT A 2,000 PERSON EVENT ATE ONE TURKEY BURGER INSTEAD OF ONE BEEF BURGER WE COULD SAVE:

2.5 MILLION
LITERS OF H₂O!
