

PNCWA VIRTUAL SUMMIT SERIES

By meeting virtually instead of face-to-face, the 2020-2021 PNCWA Virtual Summit Series 1- 6 achieved the following emissions savings compared to its 2019 in-person event in Portland, OR.

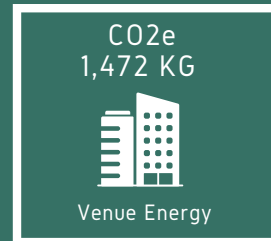

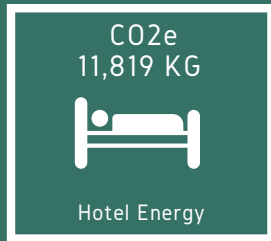

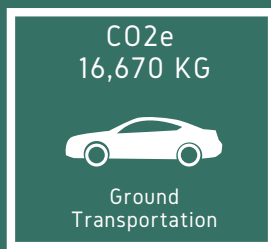

20.25 HOURS

TOTAL SUMMIT TIME

TOTAL EMISSIONS

IN PERSON

Total In Person CO2e Emissions: 78,738 KG

VIRTUAL

Energy

Total Virtual CO2e Emissions: 4,449 KG

TOTAL CO2e SAVINGS

74,239 KG CO2e

That is equivalent to eliminating the greenhouse gas emissions from an average passenger vehicle driven 184,216 miles or more than 9.4 million cell phones charged!

THE HIDDEN WORKFORCE

The PNCWA Virtual Summit Series achieved a total of 38.6 CEUs for all participants that requested CEUs and helped increase summit accessibility for 633 parents, guardians, care-givers, students, and those with disabilities.

3 GOOD HEALTH AND WELL-BEING

4 QUALITY EDUCATION

5 GENDER EQUALITY

6 CLEAN WATER AND SANITATION

UN GLOBAL GOALS

By meeting virtually the event incorporated 8 SDGs.

8 DECENT WORK AND ECONOMIC GROWTH

10 REDUCED INEQUALITIES

16 PEACE, JUSTICE AND STRONG INSTITUTIONS

17 PARTNERSHIPS FOR THE GOALS

POWERED BY THE MEETGREEN® UNCARBON CALCULATOR
