

MeetGreen Retreat 2023

FIVE FUN FACTS

The MeetGreen team gathered for four days in Netarts, Oregon at our annual retreat. Here's how 11 team members impacted the environment.

0.35 lbs.
of landfill per
team member

That's less than the weight of two decks of cards! Which weigh 0.44 lbs.

0.12 lbs. of landfill
waste per person
per day

That's the equivalent to the weight of a tennis ball! An average tennis ball weighs 0.12-0.13 lbs.

19.6 lbs.
collected from
beach clean up

The MeetGreen Beach Clean Up collected 19.6 lbs. of waste and removed it from our Oregon coastline!

Saved 3,567 kg
CO₂e

Six remote team members flew economy during their air travel & reduced their carbon footprint during their trip. The carbon emissions were 100% offset.

Zero Waste Event

MeetGreen's retreat diversion rate from landfill registered 93% & met the requirements for a Zero Waste event by attaining a diversion rate of over 90%!
