

100 % REUSABLE SERVICE WARE

All meals, snacks, and reception used reusable service ware throughout the event.

This saved 192,357 liters of water & 1,654 kilowatts hours of energy by not "producing" these items.

REMOVED SINGLE-USE WATER BOTTLES

Attendees brought their reusable water bottle as the event location had refillable water stations available.

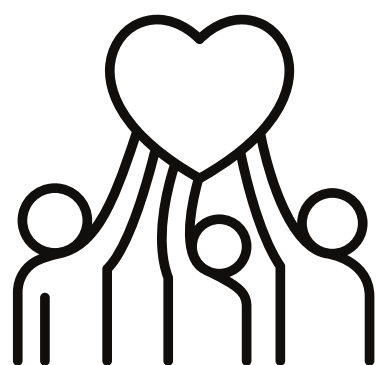

This saved 5,063 kW hours of energy.

FOOD DONATION

Recovered 540 pounds of food that was donated to those in need in the Baltimore community.

The recovery translated to approximately 450 meals.

COMMUNITY LEGACY PROJECT

Attendees volunteered over 1200 hours in total by visiting local food systems in Baltimore to bring food waste & sustainability to life.

The Summit provided 10 field trips for participants to attend.

WASTE REDUCTION

The Food Waste Solutions Summit saved 3,538 kilograms of waste through its sustainability efforts.

That is equivalent to the weight of 24 baby elephants!
